10. The default **Destination Folder** path where the Victoria bridge file will be installed is already displayed (this is the location of your ITC Comparative Rater – i.e. **C:\ITC\TXCMP32**). If your ITC Comparative Rater is installed to another location, click on the **Browse** button to find it.

 NOTE: If you have never had the desktop Comparative Rater installed to your PC, you will need to create the ITC and the XXCMP32 (XX - represents your state abbreviation) folders your hard drive.
