

# Hallmark bridge download

1. Go to Hallmark's website at: <http://hallmark.live.ptsapp.com/login.cfm>.
2. Click on the link: **Click here** if you need to download the latest comparative rater bridge.

3. Follow the steps on the **XImport Installation Procedure** screen:

## XImport Installation Procedure

**Step 1 - Download the install file**  
Download the utility installation file from the link below and save it to your desktop.

→ [Download XImport Utility](#)

**Step 2 - Unzip the files**  
Double click the **ximport\_install.exe** file that is now on your desktop and then click the Unzip button to start the decompression and installation process. The install shield wizard will begin automatically after the unzip process.

**Step 3 - Finish the install using the wizard**  
Navigate through the install shield wizard clicking Next after each dialog. The XImport utility will be installed in the **C:\Program Files\XImport** folder and cannot be changed.

**Step 4 - Setup specific comparative raters**  
XImport installation is now complete!! For detailed instruction on setting up XImport to import data for a specific comparative rater, click a link below:

- a. **Step 1:** After clicking on the [Download XImport Utility](#) link on the above screen:
  - Click on **Save** on the **File Download Security Warning** box.
  - Select your **Desktop** from the **Save in:** dropdown entry field and then click on **Save**.
- b. **Step 2:** Look for the **ximport\_install.exe** file on your desktop and then double click on it.
  - Click on **Run** on the **Open File – Security Warning** box.
  - Click on the **Unzip** button on the top right of the **WinZip Self-Extractor – ximport\_install.exe** box (we suggest that you leave the default path displayed: **C:\temp**).
  - Click on **OK** once you receive the message that the files have been unzipped successfully.
- c. **Step 3:** The Installation Wizard will appear, click **Next** on each screen through the installation process. You must install the XImport Utility to the default path shown in the installation Wizard: **C:\Program Files XImport**
- d. **Step 4:** Click on the bridge setup instructions link for **ITC Turbo Rater**.  
**NOTE:** The instructions on this screen are for the desktop comparative rater. The only difference in the WebEdition is:
  - You will have to have an administrative login to access the company setup screen.
  - Go to **Administration/Edit Companies**, then click on **Edit Info** to enter your producer code or verify that it is in there.
  - The bridge path (shown above in **Step 3**) will already be defaulted in the **Additional Information/Integration** tab of the **Edit Company Group** screen.

4. You may now bridge your quote from the Comparative Rater to Hallmark.
