- 4. Click on Run on the Open File- Security Warning screen
- 5. Click on the **Setup** button on the **WinZip Self-Extractor FalconBridgeITC.exe** screen.
- 6. Click on **OK** after reading the instructions to close open applications running.
- 7. On the ITC Bridge Setup screen the default path for the bridge file installation is displayed (this is the default path for the Comparative Rater). If the Comparative Rater is installed on a different drive, click on the Change Directory button to select the correct drive and/or folder(s).
- 8. Once the correct path is selected, click on the bridge install button at the top right of the screen.

ITC Bridge Setup								
Begin the installatio	n by clicking the button below.							
	Click this button to install ITC Bridge software to the specified dest directory.							
Directory: c:\itc\txcmp32\	<u></u>	Change Directory						
	Exit Setup							

9. You will be asked to name a Program Group for the bridge, we suggest that you leave the default of **ITC Bridge**. Click on **Continue**.

ITC Bridge - Choose Program Group Setup will add items to the group shown in the Program Group box. You can enter a new group name or select one from the Existing Groups list.	×				
Program Group: ITC Bridge					
Existing Groups:					
Accessories CRM Dell Accessories hp LaserJet 4250 4350 Insurance Technologies Insurance Technologies Corporation InsurancePro InsurancePro InsurancePro Net InsurancePro Online Storage ITC Bridge					
Cancel					

- 10. Click on **OK** once you receive the message that the setup has completed.
- 11. You can now bridge from the Comparative Rater to Lindsay General.
